

PARENT / TEACHER INTERVIEWS

Background

The purpose of parent/teacher interviews is to facilitate communication between the school and parents of students enrolled in the school.

The District believes that parent/teacher interviews are an effective way for teachers to communicate student achievement and other information to parents.

Procedures

1. Schools will schedule parent/teacher interviews twice per year; once during the first semester (September to January) and once during the second semester (February to June).
2. The dates for parent/teacher interviews will be determined by individual schools, stated in the school plan, and communicated to parents and students in the fall of each year.
3. Principals, in consultation with staff and School Council, will determine the best time to hold parent/teacher interviews.
4. Teachers shall accommodate any reasonable parental request for an interview.
