

Administrative Procedure 545

ENVIRONMENTAL CONSIDERATIONS

Background

The Division promotes practices and educational programs which will protect and preserve the environment.

Procedures

1. The Division encourages and supports initiatives to reduce, recycle and recover waste materials in all schools and departments.
2. The Division supports staff development initiatives designed to advance environmental awareness, environmental education and care for the environment within annual budget allocations for training and development.
3. Environmental education will continue to be incorporated into the content and methodology of the instructional program.
