

CLEVR Online Forms - Parent Information

CLEVR is a cloud-based electronic form tool that enables parents and legal guardians to view and digitally sign school forms with ease. Currently MHCBE teachers are creating Individual Support Plans (ISPs) and Safety and Regulation Support Plans (SRSPs) in CLEVR and we are shifting to parents signing these digitally. Each parent or guardian will have their own separate account, tied to the email address you included on your child's registration form.

First Time Use

1. Visit the CLEVR portal login page (<https://www.clevrcloud.ca/clevr/>) or access the portal through the parent quick links on the MHCBE division website. See image below for link location on division website.

2. Use the "Forgot password" link.
3. Enter in your username, which is the email address that MHCBE has on file for you.
4. An automated message will be sent to this email address.
5. If you cannot find that automated email message, use the search function in your email program to find messages from notifications@weareclevr.com.

Parent Digital Signature on ISP, SRSP and/or Medical Plan

When you log into CLEVR you will land on the Guardian Forms section. This provides an easy way for you to access forms that have been developed for your child. If you click on the student's name you will instantly be able to view and digitally sign documents. Note: You will not be able to provide any written feedback within Clevr. Feedback can be provided at your child's ISP meeting or at parent-teacher conferences. If neither of these are scheduled, and you would like to discuss the document, contact your school to schedule a meeting.

When you log in click on your child's name and then click the form you want to see and sign.

There will be a link on that page that can be clicked on to review the form (see image below).
