

# Catholic Education Week Activity Inspiration

## MARK 2: CATHOLIC WORLDVIEW

- Create artwork that embodies our faith – cross art, Rosary, [Pinterest Cross ideas](#)
- In junior high and high school give students an assignment to choose a current event topic and view reactions and solutions through a Catholic lens
- Look in the media for stories of hope
- Have elementary and junior high students write prayers of encouragement for high school students writing finals in June. Save and send them over for exam week.
- Put your faith into action – purpose for action because we are called to do so.
- It is still the Easter Season! Have an Easter Party
